- **WHAT?** Presentation informing students about different types of careers in different sectors of Meteorology and electives offered at ISU that are particularly beneficial for those careers, useful minors, etc.
- **WHEN?** October 8th @ 6pm
- **WHERE?** Agronomy 3128
- **WHO?** You and your other meteorology friends!
- **WHY?** To help give you a better idea of what classes/minors you may want to sign up for based on your interests!
- **HOW?**

- AMS Resume/Linked-In Night
 - **WHAT?** A presentation informing students of best practices to use when creating a resume and Linked-In profile, as well as an interactive constructive feedback session on how you can improve them.
 - **WHEN?** Wednesday October 22nd @ 7pm
 - **WHERE?** Agronomy 3128
 - **WHO?** Also you

 - **WHY DOES IT MATTER?** You'll need a Linked-In for networking with other students and professionals as you near graduation and beyond (AMS Conference!!), and you'll need a resume when applying for a job. A last minute resume is something that nobody wants to read. Create it now so that you only have to make minor revisions before submitting it for a job application!

Reality vs LinkedIn

Reality: I got my Driving License

LinkedIn: I'm honored and thrilled to announce that I have been selected among the top 5 applicants who participated in the professional and most respected exam which evaluates the skill and ability to operate fuel-based vehicles. I cannot wait to see what the next chapter holds, and I cannot express my appreciation to the **ministry of transportation, Google, NASA, and My neighbors** who supported me during this challenging Journey.
