- A note on Midterms
  - Most of us are through our midterms (or first round of them anyways). I hope that they went well for you!
    - If not, do not fear. One bad exam grade does not define you, but it may be a wake-up call to change something! Talk to your professor/TA if you have concerns so that you can improve on your mistakes for the final!
    - There are many more opportunities to change things up and improve your grades! 😊
- Thank you to everyone who has come out to the events so far this year! It's been fun talking with you and sharing experiences with you! Huge shoutout to the freshmen going to these events, too!
  - I cannot stress enough the importance of getting involved here early with AMS, as it will build early connections that will lead to your success as an upperclassman and a graduate looking for a job!

- **Upcoming academic events**
  - Upperclassmen Panel!
    - **WHAT?** Come talk to seasoned meteorology majors sharing their experiences about the program and advice for students who are just getting started
    - **WHO?** Freshmen and sophomores can attend, juniors and seniors can answer questions
    - **WHEN?** November 11th @ 5 PM (probably an hour-ish)
    - **WHERE?** Agronomy 3128 (I think I live here)
    - **WHY?** Curious about your future in the meteorology program or experiences of upperclassmen that you might want to do? Come talk to them to find out how you can set yourself up for success!
    - **HOW?** This will be an informal setup in Agronomy 3128. Don't be afraid, the juniors and seniors are dying to help you succeed.
- Upcoming MTEOR review sessions...
  - MTEOR 2270: Wednesday (tomorrow) at 7:30 PM, Agronomy 3128
  - MTEOR 4430: Tuesday November 4th at 7 PM, Agronomy 3128 (after Sophie's event)
  - MTEOR 3410: Monday November 10th at 6 PM, Agronomy 3128
- EWFLC Math Tutoring
  - FREE tutoring! Wyatt and Catie are waiting for your questions!!
    - Wyatt
      - Mondays: 3:00-4:00 pm
      - Tuesdays: 10:00-11:00 am
      - Thursdays: 2:30-3:30 pm
    - Catie
      - Wednesdays: 2:00-3:00 pm
  - If you have any questions, email [vvandyk3@iastate.edu](mailto:vvandyk3@iastate.edu) (Wyatt)
- Scholarships (to name a few) - Check out more [HERE](#)
  - NOAA Hollings Scholarship (for current sophomores)
    - Award: \$9,500 annual stipend for TWO YEARS, PLUS a paid 10-week summer internship (\$700/week) AND funds to present research at a scientific conference
    - Deadline: Saturday, January 31, 2026 @ 11:59pm EST
  - NOAA Lapenta Scholarship (current sophomores/juniors, enrolled grad students)
    - Award: 10 week paid summer research/operational internship with NOAA
    - Opens: Delayed
    - Deadline: TBD - December sometime (Dec 17th for Rec letters)
- Internships (to name a few) - Check out more [HERE](#) (although many applications aren't open yet)
  - Oregon State University REU (anyone BUT graduating seniors)
    - Award: \$600/week for 9 weeks plus complimentary housing, travel, and funding to present at a national scientific meeting/symposia
    - Application period: Dec 2025 - Feb 15, 2026

- Check [ME](#) out for more info!
- National Weather Center REU (for those graduating no sooner than December 2026)
  - Award: \$6,000 stipend along with various funds for housing, scientific conferences, etc.
  - This appears to not be taking 2026 applicants at the moment due to the grant end. Hopefully it returns!
- NWS student volunteer positions & NOAA pathways program info can be found [HERE](#)
  - NWS Student Volunteer Program (for current sophomores or juniors generally)
    - Award: Valuable experience with an NWS WFO
    - Deadline: Varies by office - January through March
    - NOTE: Due to NOAA fun stuff happening, many of these positions are on hold. We are hopeful that applications may return this year, but this is still very TBD.
- NSF REU listings can be found by clicking on [THIS](#) link
- Not a lot of internships open at the moment, meaning this is the perfect time to:
  - Make a list of internships you would like to apply to
  - Touch up your resume
  - **Ask professors for letters of recommendation**
- As always, feel free to check out these [academic resources](#) on the AMS website to sharpen yourself into an effective academic weapon!

**Historian - Adler Hanson**

- AMS Poster
  - The poster was NOT due Oct 20, but rather Dec 2
  - Rough draft appears as so, but changes/tweaks will be made

**Social Events**

Social events are a great way for members to get to know one another and strengthen our bond as a chapter. Our Social Chair organizes events such as bonfires, student/faculty dinners, and involvement in intramural sports. Our Female Engagement Officer and Sophomore Chair also organize social events with an emphasis on involving \_\_\_\_\_ and underclassmen.

**Cy's Eyes on the Skies**

Cy's Eyes on the Skies is a student organized club that provides students with unique opportunities to gain experience in the realm of broadcast meteorology. Students put together reels and graphics packages to produce weather broadcasts.

**Our Mission**

Our student chapter is committed to promoting interest in weather, climate, and other related fields while building relationships between students, faculty, and professionals. We provide opportunities to grow connections and gain experience in academics, forecasting, outreach, and more.

**Academics**

Our Academic Chair hosts review sessions to assist students in understanding material better prior to exams. Students are encouraged to apply for scholarships and professional opportunities like internships and REUs. Our Academic Chair has also begun holding professional development events to give our members an edge as they move into their careers.

**Forecasting**

Our chapter has been increasing our efforts to provide more opportunities related to forecasting. Our Forecast chair participates in the WxChallenge and holds forecast discussions for students to gain experience and become more comfortable leading discussions. Our forecast chair also organizes our student-led AMS Severe Weather Week events. Some of our members have also assisted in running the Tornado Target Contest.

**Outreach**

Members of our chapter, headed by our Outreach Chair, raise awareness of weather and climate sciences to the public. We promote weather education and safety in the classroom and at public events. This year we have expanded our outreach efforts by adding a second outreach chair position to the cabinet.

### NWA Rep - Riley Mildebrandt

- **Why should you join NWA?**
  - Networking! We have numerous members who are professionals in our field, including NWS and broadcast! They all love to connect with students and answer your questions!
  - The conference! Each year (mostly...) we hold a conference with speakers, a radar workshop, reel critique, and more! The best part is it's only 30 minutes away in Ankeny, which is as close as a conference can get!
  - Learning more about meteorology! At some meetings, professionals will give a presentation either about an interesting weather related topic or about the career field! The conference also has many speakers who discuss notable weather events in the past year, their research, and more!
  - Leadership opportunities! NWA has multiple cabinet positions that any member can run for! There are also many conference planning committee positions that any member can take on! They all look great on a resume!

- Low time commitment! We only have one meeting per month, and the conference. That's it!
  - Lots of fun! Everyone in NWA loves nerding out about weather together! If you're a weather nerd (which I'm guessing is all of you), NWA is for you!
- **Is NWA just another AMS?**
  - Nope! NWA is a lot more focused on professional networking and sharing knowledge about weather. In a small career field like meteorology, networking is extremely valuable. You never know when a connection you make may eventually lead to an internship or job offer down the line!
- **How do I join NWA?**
  - Just show up to a meeting and pay your dues! (more on that in a minute)
- **NWA Election Results:**
  - President: Rod Donovan (NWS Des Moines Meteorologist)
  - Vice President: Dylan Dodson (NWS Des Moines Meteorologist)
  - Treasurer: Eliot Morrow (ISU Senior)
  - Secretary: Wyatt Van Dyke (ISU Sophomore)
  - NWA Rep: Riley Mildebrandt (ISU Sophomore)
- **Next meeting:** 7 pm on Wednesday, November 12th at WHO-TV!
  - Address: 1801 Grand Ave, Des Moines, IA 50309
  - Includes a tour of the station from meteorologist Jason Parkin!
  - I will send out an email with more details, including rides and parking, in a few days.
- The conference status remains up in the air.
- **Dues:**
  - Dues for returning members are due by January 1st, 2026. Don't forget!
  - If you joined at the beginning of the year, dues were due last meeting. If you fall into this category and have yet to pay, please do **ASAP**.
  - If you want to join NWA, your dues will be due at the first meeting you attend!
  - Dues are \$10, and can be paid in the following ways:
    - Cash
      - Give to Eliot at the meeting in which you are paying your dues.
    - Paypal via [paypal.me/CentralIowaNWA](https://paypal.me/CentralIowaNWA)
- If you have any questions regarding anything NWA related, please reach out to me via [nwa.isuams@iastate.edu](mailto:nwa.isuams@iastate.edu) or [rmilde@iastate.edu](mailto:rmilde@iastate.edu). I would love to help!

#### Past President- David Hultman

- You've made it past midterms - congrats! Now for a couple weeks of relative relaxation, before you really hit the home stretch.
  - If you're struggling in some classes, or if midterms didn't go as well as you'd hoped, remember there is still time and opportunity to rebuild your grades before the end of the semester. Keep calm and don't give up!

- Plenty of resources are available to you as a student at Iowa State to take advantage of them. Especially in the core classes like calc and physics.
- Seniors - how we feeling about thesis at this point?
  - I've heard... mixed results from people I've spoken to.
  - This is a tough stretch, but know that you're well over halfway to the symposium (for better or for worse) - keep going!
- We're getting closer to winter break now - it's a great time to **start thinking about internships/summer positions** that you might be interested in.
- Seniors, Cabinet Members, and everyone else who needs to hear this: It is getting to be a busy time of year; make sure you're keeping up with classes and responsibilities, but also take time for yourself when you can. Balance is important to avoid burnout!
  - I know a thing or two because I've seen a thing or two
- As always, any questions? Need advice? You know where to find me! (Dhultman@sbgtv.com)
- P.S. I apologize for the missed forecast contest entries; I promise I'll get better with doing those
  - (This line was actually said by AJ but I appear to have fallen down the same rabbit hole. Sorry Sophie, I'll improve.)

#### **Cy's Eyes Representative - Evan McWhirt**

## Halloween Riddles

Why did the vampire eat a light bulb?

Why did Dracula take cold medicine?
