- Freshmen and new students: Congrats on making it through your first full month of classes! Hopefully you've been able to settle into some sort of routine with classes, work, AMS, etc. If you're struggling, don't hesitate to ask friends, professors, counselors, or classmates for help! People at Iowa state really care about your success and want you to thrive.
- Seniors: Feeling the stress of thesis yet? I would love to tell you it gets better, but it doesn't actually get better until you're through it. Just make sure to keep working little by little each day, and you'll be in great shape. There is light at the end of the tunnel!
