Past President – David Hultman

- Consider running for a position
 - Even if you get nominated, you can still think of exactly where you want to run.
 - It looks really good on a resume and applications. It was helpful for me when I was applying to jobs, and the skills you build while holding a cabinet position come in handy quite often in the working world.
- Keep looking for internships and job opportunities
 - Now is the time that the first round of applicants is over, see what's out there!
 - SOME ADVICE: if you don't have something planned for the summer, get involved with something in some capacity (even if it is not meteorology related). I have found employers and schools look for students who were making an impact over their time off. Volunteering is a great start! (Even if its not at NWS or your local news station,

regularly participating in you local food pantry, animal shelter, etc makes a huge impact on resumes for years to come)

- Good luck with finishing off the school year! I hope you all are doing well and enjoyed being a part of AMS this year
- I nominate Jordan Howell for truly the hardest position on cabinet... past president. You have made a phenomenal president.
- Feel free to reach out, whether it be for reel reviews, general advice, or just to say hi. It's always great to hear from you all 😊!
- ***Any questions about your reels or applying to jobs just email me at dhultman@sbgstv.com!***

- How this is going to work:
 - Now that you've all read through the first long nominee responses...
 - We will bring up candidates for each position; the person in their position will ask them questions; audience also gets one question
 - President and VP candidates get some time for a speech
 - They will go into the hall, we will discuss and vote
 - Candidate needs >50% of the votes to win
 - Non-elected individuals will be allowed to drop to another position (up to three positions)
- Some comments on questions and discussion:

- All questions must be relevant and on-topic. Questions which are deemed to be otherwise will be dismissed.
- For discussion, please think before you speak, but you may say anything within reason. Personal insults are strictly forbidden and likely will come back to bite you.
- All question and discussion sessions will be timed, with times varying for different positions. Once the time is reached, discussion must end.
- If any person is running unopposed for a position, they will not be asked to do a question and discussion session for the sake of time.
- As President, I will be abstaining from discussion to avoid bias.

Position (people known to be running)	Discussion Time Max (mins)
President (2)	8
VP (2+)	8
